Years at residence: 30

Qualifications:

I am running for the school board because I care about young people. I truly believe that a quality education is fundamental to future success and prosperity for individuals as well as for society.

I am well acquainted with most of the administrators, faculty and staff members of the Grantsville schools. My three children attended all of their school years in our community. Also, I have been a member of the Grantsville Volunteer Fire Department for many years. I have held the offices of Chief, Assistant Chief, and Fire Prevention Officer. In carrying out the duties of these offices, I have had many opportunities to be in the schools interacting with the students and their teachers.

While there are many good things happening in our district, I believe there are areas that need improvement. In these difficult economic times, it is more important than ever to focus resources in the classroom.

I pledge to be a strong voice for students, families, and the communities of the Tooele County School District.
